F3 SERIES FULL HD FEATURE TV

MODEL 40F3100

I'm practical and convenient

The Hisense F3 Series offers FHD resolution for a clearer picture than standard definition, HDMI ARC support that eliminates needing multiple cables to send audio to an external device, and HDMI CEC support for external AV devices to control one another.

Other convenient features are Game Mode for faster video processing, Dolby Audio for detailed sound, and ports to connect external devices for customized entertainment.

All of this practicality makes this TV a must-have for smaller rooms— and budgets.

FHD 1080p RESOLUTION

See clearer images that POP in FHD 1080p resolution that's higher than standard HD resolution.

HDMI ARC/CEC SUPPORT

HDMI Audio Return Channel (ARC)/ Consumer Electronics Control (CEC) support makes the setup process much more streamlined by minimizing wires and enabling devices to 'talk to' one another.

GAME MODE

Enjoy staying ahead of the competition that's not interfered by a slow lag time.

DOLBY AUDIO™

Hear all of the details from the rich, clear and powerful sound.

About Hisense

Hisense is a multinational consumer electronics manufacturer and one of the largest TV brands in the world. The company was established in 1969 in Qingdao, China and its US headquarters are located in Suwanee, GA.

Holding the #3 TV share position globally* and #1 TV share position in China** for 13 consecutive years, Hisense offers an innovative range of technology products that provide significant value to consumers.

Hisense products, including TVs, refrigerators, air conditioners, dehumidifiers, beverage coolers and freezers, are available globally in over 130 countries and regions.

The company is committed to advancing the consumer technology industry across North America and has dedicated R&D centers in Atlanta, GA; San Jose, CA; and Toronto, Canada to enable localized product development and innovation.
