

Model: RW46N1DSD

- Two Temperature Zones, 16 bottles (Top), 30 bottles (bottom)
- Even Temperature and Humidity control
- Easy & Secure storage with full extension racking
- Perfect for Under-the-counter installation
- Real Stainless, one-piece door

Built-In or Freestanding Installation

The 24" width, and countertop-height making building in under counter a breeze. The reversible door and slim hinge profile give this wine cooler a very professional look.

Preserves Your Wine Collection

Interior fan gives more consistent temperature control. Higher humidity levels preserve corks. Extremely quiet operation.

The Right Serving Temperatures

Each zone can be separately controlled from 39 to 64 deg F.

Warranty

Two (2) years Parts & Labor, in-home service. 5 years on the Compressor

Chills your Wine Collection to Perfection

Hisense built-in wine coolers perform as good as they look. With full stainless fronts, racks with wood trim, and a dual pane glass door, the Hisense RW46N1DSD dual zone wine cooler adds a touch of class to any home. Performance features include interior compartment fans for more even temperature control, higher humidity for preserving corks, and extra-quiet operation ensure your wine is in good hands. With a storage capacity of 46 bottles, 16 in the top zone and 30 in the bottom zone, two types of wine can be stored and served at the right temperature. Also, with full extension gliding racks, storing and accessing your wine is easy and secure.
