H55 Series Hisense Android TV

Model 32H5510G

HD

I'm a perfect fit because I'm flat out awesome

The H55 Series HD Smart TV is an entertainment must-have that features an Android Operating System (OS) with Google Assistant built-in, so that you can search for movies and control the lights without ever leaving your couch. Other details include DTS Studio Sound for crisp audio and Bluetooth connectivity, to stream music through your headphones without the fuss of wires. The screen size also makes it ideal for smaller rooms—and budgets.

HD Resolution

High Definition 720p resolution delivers a sharp and detailed picture for better clarity.

DTS® Studio Sound™

DTS Studio Sound creates virtual surround sound for a crisp and immersive audio experience.

Bluetooth™ Connectivity

The H55 is music to your ears—and eyes—thanks to built-in Bluetooth connectivity. This universal, invisible technology expands your entertainment options by wirelessly connecting a compatible soundbar, headphone or stereo components to your TV. From movie soundtracks to your favorite playlists, your TV can amplify every experience while eliminating unsightly cords.

Motion Rate 120

The H55 series is built with motion in mind. Motion Rate image processing helps to reduce lag during fast-moving scenes.

Voice Remote

Voice control makes interacting with your Smart TV easier and more intuitive. Open or search for apps, control the volume and inputs, or search for your favorite TV shows and movies simply through the power of your voice.

Google Assistant Built-In

The Google Assistant* is built into Android TV, so tell your TV to turn on the lights, change the thermostat, add an item to your grocery list, or play the latest viral video. And with universal search, it's never been easier to get recommendations with Android TV.

*Google Assistant-compatible products required to use voice commands
