H4 Series Hisense Roku TV

MODEL 32H4G

More than a smart TV — a better TV

For binge-watchers on a budget, be sure to call your spot on the couch. The H4 is born ready with the built-in Roku™ TV platform, your private portal to more than 4,000+ channels and 500,000 movies and TV episodes. So, no matter how many people you have in your house, there are more than enough must-sees and OMGs to go around. Plus, to make the decision even more comfortable, we made the H4 even simpler. It's packed with built-in Wi-Fi and faster search. Just connect to the Internet, activate, and find your favorite show. With a rich picture and smart features made so easily attainable, it's hard not to love the H4.

High Definition Resolution

Along with 720p high-definition LCD screen, you'll find a powerful full array LED backlight at work creating a sharper, more colorful picture.

ROKU TV OS

Watch. Stream. Play. Listen. Laugh. Repeat. Kick back and enjoy streaming movies and TV episodes, plus live-streaming news, TV, sports and more, across thousands of free and paid channels. Start streaming your favorite shows. Access your cable box or HDTV antenna. Even fire up your gaming console—all from the simple home screen.

Works with Google Assistant and Alexa

Quickly access entertainment and control your TV with a Google Assistant or Alexa device that you already own. With the touch of your remote or ROKU mobile app, or a simple voice command, you can take control of your smart home, turn on and off the TV, change channels, and much more.

DTS® TruSurround Sound: Immersive sound

What good is a beautiful picture if the sound is tinny and thin? You'll be blown away by the full and detailed sound of the integrated DTS TruSurround sound.

Fast & Easy Search: A Search Party

Enjoy fast, and easy Universal Search that discovers content far and wide then displays it all in one place. Name a title, actor, or director to find movies and shows featuring their work. That's all the H4 needs to tell you which items are free or premium, then point you to where to watch—including on-demand or live TV. It's just as fun as it sounds.

Motion Rate 120

Don't struggle to keep your eye on the ball—enjoy fast-paced sports, movies and gaming without the lag. Featuring Motion Rate image processing technology, the H4 keeps the thrills coming by making it easy to follow fast-moving action.

Slim Bezel Design

The H4 is designed with a gorgeous slim bezel design to give you more viewable screen area.
